SATURDAY MOUNTN APRIL 15 18-2

THE IRISH SUSPECTS." Among the six hundred men confined in give vornment has very sonsibly declined to medin a foreign quarrel, do not deserve the pro-

all the prisoners confined under the coercion that the prison doors be fung open. Many thize with the demand or actually join in it. Anide from the demagognes there are not a few Americans not of frish descent whose fair and temperate criticism of the attitude of the British ministry in refusing either to try or release the prisoners proves that the long-continued detention of the suppose under extraordinary detention of the surpress water values of the forms of law profined or painful impression upon many unprefinded ninds. A respect for the structure of liberty and human rights is to be looked for in the countries like English to be looked for in the countries like English nd and the United States. It is to this feeling that we may safely attribute most of the more official and non-parties a protests against the rocalism arbitrary arrests in Ireland, those properts, that is, which come from Eng-gland thereis and from oldiness of the United te net of Trish blood. Amother and very ware made to teel is to be sought in inoften may be to the heart that feels it, it at he remainbered that it an emotion. It

on of the more candid and post man extra prwers. That

which will be adjusted by the objects about un-or peers looking the objects about un-or of well are loss, statued, And it incre'y species of these powers, but incely in her adjusted gained by the on to just jogists. Those or country is made for its reliance on the first surface of the surfac money the tenentry and inviting

the suppose in not the measure was brought forward.

I say a constitute the determinant of an interests of Alecke through whose efforts the measure was brought forward.

Mr. Tellor recently propared a speech on the locate through the dependence of the measure was brought forward.

Mr. Tellor recently propared a speech on the sening tellocate through whose efforts the measure was brought forward. that Ir Guissian sould not see his way clear to some sales in the continuous select of dealing with Irish to some sales and light regard must be had to the limits of the possible in Ireland. That terrilmone little island has not the tompor of a specific story, not is she to be restrained with a silient ord. The has suffered much—we so not forget that, for it should be set flown, in extension of the livings he set flown, in extension of the livings he set down in extenuation of her leviess be-havior. But the coercion art strikes chiefly shoes also teachers who would make her suffer more. Moreover, it should be kept in mind that the solds not in the hands of a tyrannical misistry. Mr. Gladstone and, he collesques are not ther vindicative nor bloodt Liraty. They are kind-hearted; liberal Englishmen. Besides,

they know something about Irish affairs perhaps quite as druch as their critics. It looks as if it were to be the purpose, of the democrats to pursue a course in congress to make party capital out of the Chinese question rathor than join in enacting such restrictive bill a might be secured. A bill to provide that Chinese immigration shall be suspended for ten yours has been reported to the house from the proper committee. The democrats of the committee all opposed it, obsteading for tiltoon years, and will submit a minority report.

By suspension of the rules the bill may be passed at once; but it takes two-thirds to saw

pend the rules, and if the democrats of the bonse units in support of the miliority report they can prevent the bill from coming up. It is now a question what course they will pur-Until this is known it is idle to speculate Gen. Hancock, late presidential candidate of the democratic party, lacks heat. His cordial recopition of two Chinamon at Governor's latent though a more about countery, will be criticised by people who love to make mountains out of mole bills and may lose his

A bill to reduce letter postage from three ues conquirtree, ôught to pass. It was in chiefly instrumental in seeming adoption night | Q UITL A NITHBER OF CORDS BUSINESS OF CHARGE STATES AND RESIDENCE. Among the six hundred mencentined in government prisons in England and Reland as years ago of the postal card system, the appropriate under the correlation that he observed a control which declared it would be an actions of Irish birth who have beenless American circums through naturalization. They are tools to the postal reviews the finding and on the contrary of actual reviews and, on the contrary of actual reviews and, on the contrary of actual reviews and on the citizens through naturalization. They are calling lendly on the American government to contrary it acted as a similarly to the use of calling lendly on the American government to contrary it acted as a similarly to the use of the mail facilities and increased rather than interfere in their bound facilities and increased rather than diminished the receipts. During the eight interfore in their common and their release, and their total right to demand their release, and their release are released to the second to the release of the nation to the other. So far, our card system has realized to the governments at the second to the release of the nation to the other. So far, our card system has realized to the governments at the second to the release of the nation to the other. So far, our card system has realized to the governments at the second to the release of the nation to the other. So far, our card system has realized to the governments at the second to government has very sensibly declined to med-die with what is very properly considered the business of Great Britain. Every man of the American suspects went from America back to American suspects went from america name to rarily a diminution of the postal ravenues, the Ireland to engage in the troubles of their conntrymen. They are meddled and intruders, limited to refer to the postal ravenues, the falling off would be very slight and for a very limited to refer to the postal ravenues. ymen. They are from America to engage timited period. The collaboration and safely give arrived when the government can safely give in a foreign quarrel, do not deserve the pro-toction of the American government. Their tection of the American geograms. Their American citizonahip is a meterochicality as, samed for a purpose and should not gain for them any consideration whatever at the lumbs. Bill, were more than \$1,000,000 greater than of our government.

But there are land calls from many quarters for the release or speedy trial and the revenues for that quarter were almost and the revenues for that quarter were almost an example of the preceding quarter. sufficient to meet the expenditures. With the of all the prisoners confined under the co-ration rapid mergasus of population and the coincident. The Irish on both sides of the sea are not set.

All resistances in the proposition of business. Mr. Hill and those distributes are not set of the confined to the coincident of the co who advocate chean postard look for a steady and rapid increase of the net revenues of the

CHEAPER POSTAGE WANTED.

Another bill affecting postage rates by in creasing the weight allowance of letters with-out reducing the minunum rate is also under consideration. This would better but a few comparatively, and just the class best able to pay postage. It is estimated that not exceeding one in forty of the fetters sent through the malls weigh more than a half ounce each, and of people who would best realize the benefit of a reduction of the postage rate. The friends of a reduction of letter postage are inspired to greater activity just now by a fear ing privilege will be restored to congressmen and senators, and thus the day of cheap postage will be indefinitely postponed. To the franking privilege would benefit a few orle, and any reduction whatever ruld be for the benefit of the people—for the constituents as well as for congressmen themselves and their correspondents, who chieff present or expectant office bulders. English opposition to the channel tunnel is

ridiculous. The Nineteenth Century contain s protest against that enterprise, signed by Alfred Tennyson, Robert Browning, Cardinal Manning, Prof. Huxley, James Caird, Prof. the second a mail out of the repre-mentation of the spectator, and the second of the spectator, the Morning Post and the St. James Gazette, of little in the state of words to be superioded in the state of the superioded in the superioded How it an artist of walkings and tenderness what constitutes a peril of invasion; but not-biness. But it invasion; but not-be or retails to point put some of the orrors the western has a restaint and the signers of ally of the more candid and posterity's ridicule. Half a century hence all a content with laugh at the recollection that in the year 1882 the channel tunnel was solved being to this class arge the gov.

The being to this class arge the gov.

The principle of the channel tunnel was solved by the c Example of the most precious rights of the as likely to cross the English channel by balof a then in all divilized countries loon as to force an entrance through the tunor now in full force in the pro- obstructed by such fears as those which demand Mirfaits of Freitand. It is superseded, that work upon the channel tunnel be stopped

William E. Gladstone is without doubt now make the previous to arrest men pullifor believed to be guilty of insting to just passed triumphantly through a contest which he was thought audactous to enter. His thirt shall, assert specific trial. The government with the pulliform at say time without trial or may desurable without further intrail of may define the without further in-bits defeat and the downfall of his ministry. With the firmness and courage of a great man With the firmness and courage of a great man be given speedy the presented before parliament the alternative of providing a measure to close debute which degenerates into mere obstruction, or of bravious alternative of the propiet man between the course of the propiet may be considered as it is might and course asset for it reliably were in a condition. His majority in the decisive vote was thirty-nice. Having subforward to as many years in the premiership as his health and inclination will allow. It a fit reward for so great and good a statesman that towards the close of a long and illustrious on pareer he should be so firmly established in power through the confidence he inspires in the hearts of his countrymen. He will be 73

California Wood Grop.

San Fasspeed, April 14.—Owing to labe rains the city of new spring wood is very tunch behand band. Rescripts to date are far less than in any agrine for many years past, being only about 2000 bags. Sales are within range of 17c.

Michigan Crep Heports.

Dzinajr, April 14.—Monthly state crop reports are very favirable. In southern countries wheat prounded at per cont. better, and in the online start 38 per cent. better than in April 18th. Clover is not promising, but fruit is favorable.

Chicago Market Quotastons. Chicago, April 14.—Wheat—Strong and higher, \$1,98 cash; \$1 29% May.
